CHORLTON HIGH SCHOOL: CURRICULUM

Year Group	9					
Rationale/ Narrative	Year 9 2019-20 has been designed to build students' cultural capital, develop students' vocabulary and ability to read confidently and for meaning and to lay the foundations for their GCSE study of English Literature and Language. Whilst the units have been designed with the GCSEs in mind, they have also been designed to engage and to broaden the students' knowledge webs before they come to study their set Literature texts in Year 10. The Macbeth unit for example will cover the contextual background of the play in depth, spending time delving into the life of Shakespeare and King James I and the many societal concerns that were prevalent at the time, such as witchcraft. Instead of reading the play as a whole (which they will go on to do in YEAR 10), students will build a sound picture of the context and look at the key scenes which should act as a solid foundation of knowledge as they move into YEAR 10. A similar engaging and exciting approach has been taken for the other units, studying a variety of interesting topic material taught in a creative way, which is all linked to a range of themes, wider ideas and texts studied in YEAR 10 and 11 whilst also building confidence with the skills needed to be demonstrated.
